Dear Mr. Blais:

I recently learned of the Blazeman Foundation for ALS's gift to Northwestern University Feinberg School of Medicine, and I am pleased to thank you for this contribution to support the Blazeman Foundation postdoctoral fellowship. Your ongoing, enduring partnership with our institution is truly impactful—I know I speak on behalf of Drs. Kaouther Ajroud and Teepu Siddique when I share my sincere gratitude for all that you make possible in our midst.

We have our most committed philanthropic partners to thank for our continued successes. Allow me to express my appreciation once more for the Blazeman Foundation for ALS's praiseworthy dedication to ALS research at Northwestern University.

Best regards,

Jeff Glassroth, MD
